How To Go From A 1 Person Biz to Million \$\$\$ Biz

Have you ever wondered why some people make \$10,000 in a year and others make \$10 million? They both have the exact same 24 hours in a day – so what's the difference? **Successful people look at life differently.** Entrepreneurial Expert, Stephanie Frank shares how to set and achieve goals, create a vision so strong you jump out of bed in the morning ready for the day and challenge yourself to new heights.

Stephanie Frank shares four business principles of success including how to become a leader with vision (when to hire employees to grow) to communicating your message (how NOT to be afraid of marketing) to creating a turn key business (but I want to do it all myself!) to optimizing a virtual team to leverage your power and avoiding common virtual business mistakes & lots more!

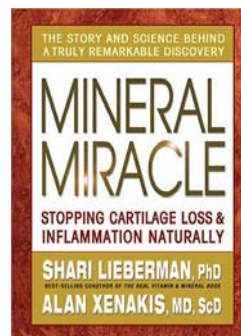

Phoenix

Shari Lieberman PhD & Alan Xenakis MD

ARE YOU IN PAIN? If not, there are 1 in 6 Americans who are! For millions of Americans who suffer from the joint pain of arthritis and other inflammatory conditions, living on pills for pain is common place. "But the over-the-counter and prescription drugs can have deadly side effects," says Shari Lieberman, PhD, "they don't eliminate the cause of the pain, they just mask the problem."

Shari Lieberman, PhD & Alan Xenakis, MD discuss a natural mineral complex that reduces inflammatory joint pain, including how it works along with scientific evidence. What are the risks to kids playing sports early in their lives for long term damage to joints, and how does chronic inflammation lead to other serious diseases?
